new socks on a given Sunday, and to leave their shoes at the door, so they may attend your service in their bare or stocking feet. Why are we asking this? Because we want your church to be conscious of the condition of their feet, something that a homeless person is conscious of a lot longer than one hour a week. If you are a local church (30 mile radius from Supply, NC) We would love the opportunity to come and address your congregation, and thank them, answer questions, and share a bit about the Comfort Socks mission on that Sunday. If Socks on Sunday is not an event that fits your church, please consider just collecting new mens socks, or getting your youth, mens and womens groups involved in our mission. Contact us to schedule a Sunday today.

What if you had only one pair or No Socks at all?
