How are new socks helping to fight the flu?

Easy -Noting the flu was growing amongst the homeless. So in an effort to bring them in to receive a flu shot, one homeless shelter we know is offering a new pair of socks with a flu shot to their homeless guests.

[A Word from Our Founder](#)

Comfort Socks has always been a mission of faith in that every pair of socks we give to homeless shelters, we believe that the sock recipient will receive the comfort we long to provide. We do not need to see the fruits of our labors to know we are effective. But the Lord has a unique way of showing us things, sometimes through uncomfortable periods of time. If we are trusting of His ways and receptive to His teaching, we realize that He is taking us into a deeper walk with Him.

The Lord wanted to show me, personally, firsthand, the Comfort that our mission brings to the feet of the homeless, and He chose a creative way to make His point. Recently I got a puppy, and if any of you have ever had a puppy, you know the value of the small window of opportunity you have in the first months of your pups life. It takes a lot of dedication and training time, and if you do not allow the usual obstacles, like weather or traveling, to break the cycle of training, your reward will be steadfast in the dog your pup will become. So, this is how it has been with Enzo, my pup, and I. Yes, he even comes to the warehouse with me to help with the socks.

One of the things we are working on leash training. So when I developed a swollen and infected toe, I still continued our walks, to reinforce all that we had worked so hard to achieve. Day after day, walking was painful for me, but I kept going, standing on the 'strength of soul' so to speak, for the good of the future granted to Enzo and I. Then the Lord sent a cool day, and when I walked Enzo with a new pair of socks on my feet, I realized the Lord had manifested through this experience just how much the comfort of new socks eased my foot pain. New socks always feel good, but when your feet are damaged, the comfort is so much more of a blessing.

As a part of the Comfort Socks family, new socks being important to the homeless is not new news. But I pray my personal experience has touched you in someway. More than ever before Comfort Socks is making a difference, and we hope you will continue to support our mission, now for many years to come.

Thank you and God Bless You for caring for others, and may this Christmas Season be the best you have ever experienced.

Sincerely,
Theresa Tese
